### SOCCER CLINIC FOR BOYS & GIRLS (Ages 3-6)

The program is designed to teach and introduce players between the ages of 3-6 to the fundamental skills of soccer. This clinic provides players of all levels with an opportunity to further develop and improve their skills. Our program will concentrate on building player confidence by helping all players achieve success at their own individual level of ability. Players will learn essential technical skills while participating in a fun and educational environment.
